About me

- I'm Samnoeun Run, a second-year Web Development student at Passerelles Numériques Cambodia. I'm committed to growing as an IT Intern by learning continuously and contributing to real-world projects with strong problem-solving skills. I'm especially interested in front-end development and enjoy creating user-friendly, responsive interfaces. I'm eager to gain hands-on experience, work collaboratively, and grow into a reliable and effective developer.
